60 ROCKWOOD PLACE
ENGLEWOOD, NJ 07631

EXECUTIVE OVERVIEW

Team Resources, Inc. is pleased to present **60 Rockwood Place, Englewood, New Jersey**, an **11,832-square-foot** retail/flex facility offered for sale in one of Bergen County's most supply-constrained submarkets.

Currently operating as an automotive dealership, the property offers immediate functionality for automotive users while maintaining strong adaptability for warehouse, distribution, contractor, or light manufacturing applications. This property features **18-foot clear ceiling heights** and **two (2) exterior drive-in doors**

This offering represents a compelling opportunity for an owner-user seeking to control occupancy costs in a premier Northern New Jersey location, or for an investor targeting scarce small-bay industrial product with long-term appreciation potential.

PROPERTY OVERVIEW

60 Rockwood Place is a well-configured industrial building totaling 11,832 square feet. The property is currently utilized as a car dealership, with layout and infrastructure supporting showroom, service, storage, and logistical functions.

The building's 18' clear ceiling heights allow for efficient parts storage. The property benefits from strong street presence within an established industrial pocket of Englewood and offers convenient on-site parking and access.

LOCATION MAP

LOCATION ADVANTAGE

Strategically positioned in Englewood, the property offers immediate connectivity to:

- Route 4
- Route 17
- Interstate 95 / New Jersey Turnpike
- The George Washington Bridge

This location provides direct access to Manhattan and the greater New York City metropolitan area, while maintaining the operational advantages of a Northern New Jersey industrial address.

Bergen County remains one of the most desirable and land-constrained industrial markets in the region. Proximity to affluent residential communities, dense population centers, and key transportation infrastructure continues to drive strong demand for small- to mid-sized industrial assets.
